CIRCLE SWIMMING POLICY & PROCEDURE

Our pool is enjoyed by a wide range of ages and abilities. While we strive to accommodate everyone, we ask that you be understanding and gracious in your willingness to share our space.

Here are some useful guidelines to follow:

- Please enter the lap lanes from the deep end of the pool. If you wish to enter from the shallow end, please notify a lifeguard so they can alert anyone in the lane you wish to join.
- Circle swimming (counter clock-wise) is required when there is no space to split a lane. A lifeguard will help you find a lane to best match your speed.
- Please remain flexible and be willing to move lanes to better match speeds with your fellow swimmers. If you are having difficulty in your lane, a lifeguard would be happy to help you find a better option.
- If you do not wish to circle swim, you may exit the pool and wait for the pool to become less crowded. We discourage waiting on pool deck as it does not guarantee you your own lane and you may still be asked to circle swim if the pool becomes busy again.
- Please remember that at least one lane is always reserved for Family Swim. You are welcome to swim in this area when it is unoccupied, but please be prepared to move when asked. Additional Family Swim lanes may be added if needed at any time.
- Please don't hesitate to ask the lifeguards for help. They are here to ensure a safe, enjoyable environment for everyone.
